Thanks! Just so you know, I invited Ben and David from ARD, but they only started at EPA about a month ago. I'm training them on our community work.

I am in the office tomorrow and Thursday. I am largely unscheduled both days. Feel free to set something up via outlook.

Are you in the office this week? Sooner is better, as long as it's convenient for you. I might bring some ARD colleagues if that's ok. We've been doing some very initial thinking about Kalamazoo, but I'd like to know more.

Thanks,
Erin

Erin,
Sure, I'd be happy to discuss Allied Landfill. When would you want to meet?
Michael

Hi Michael,

So I've been exploring the option of doing a new EPA community project in Kalamazoo and I was invited to this community meeting in the Milford neighborhood. I probably won't attend, but I saw on the website you are the RPM for Allied Paper. Is that right? If so, can I meet with you sometime to hear more about it?

Thanks,
Erin

Good Morning Erin.

I wanted to extend the invitation again to you or anyone else you think would be appropriate to attend the Imagine Kalamazoo 2025 meeting in Milwood next Monday 02/13. I have attached the flyer with all the details.

Thank you!

Hi Erin,
Happy New Year to you!

I forwarded your information onto Rebekah Kik (kikr@kalamazoocity.org). She is the City Planner. If there are issues that relate directly to our Master Plan work, you can use my name and contact information.

We are hosting a neighborhood meeting through the Master Plan process in the Milwood neighborhood, where the Allied Superfund site is located. The meeting is on 02/13 at 6:30; if someone from EPA is interested in attending, I can provide additional details.

Thanks.

Hi Christina,

Happy New Year. I wanted to ask if you could connect me with the contacts at the City on Imagine Kalamazoo. I'd like to see if they'd be interested in a call about sustainability with my office.

Thank you,

Hello,

I work for US EPA on climate change, clean air and sustainability issues. Right now, EPA Region 5 (in Chicago) is researching communities that might need assistance from EPA and Kalamazoo has come up on our radar as a possible target. I was wondering if someone from your organization might be able to meet with me the afternoon of 11/28 to discuss Imagine Kalamazoo and if there were any areas of mutual interest.

I have a meeting in Ann Arbor on 11/29 in the morning, but I was planning to drive past Kalamazoo on 11/28 in the later afternoon. I realize this is short notice, but please let me know if there's any chance this might be convenient for you. If that doesn't work, I may also be able to stop on my way back on 11/29.

Regards,
Erin
